

How to Factory Reset the EnSURE Touch

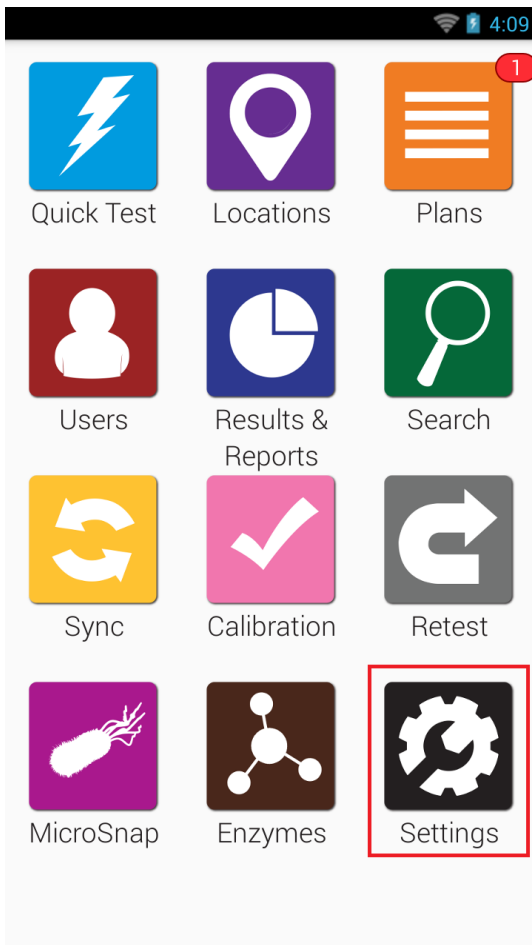

Introduction

Factory Resetting allows the EnSURE Touch to revert to default settings.

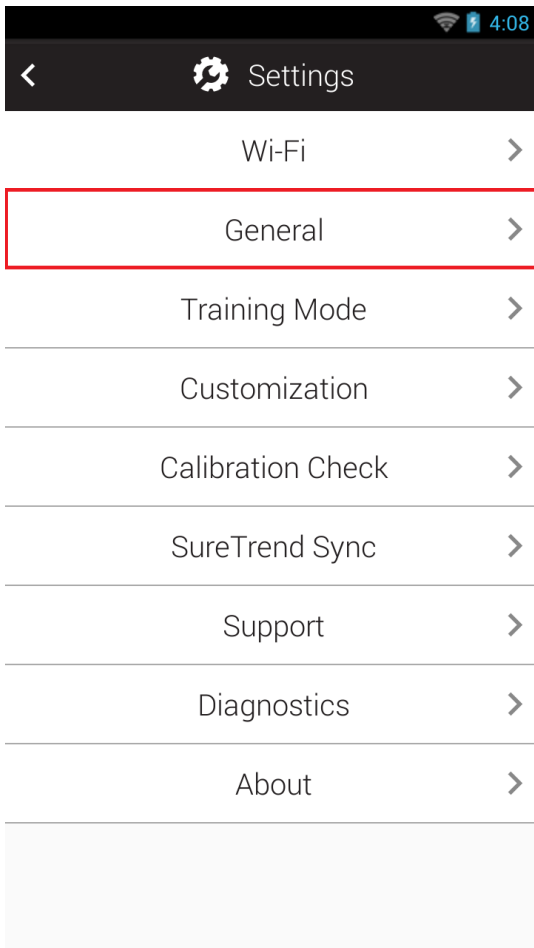

Warning: Performing a factory reset erases all data and settings on the instrument. It is recommended you Sync your data to your SureTrend Cloud account before performing the factory reset to prevent permanent loss of data.

Solution

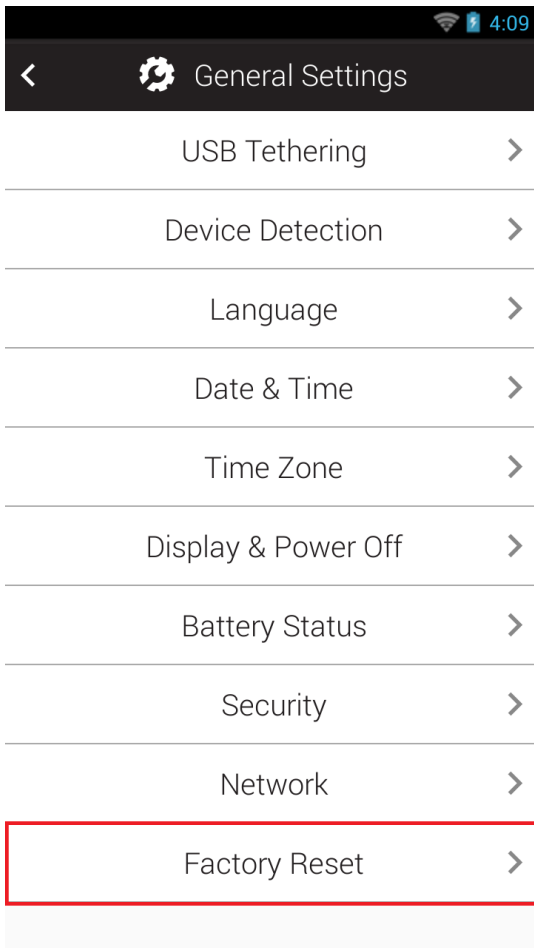

1. From the Home screen touch the **Settings** application.

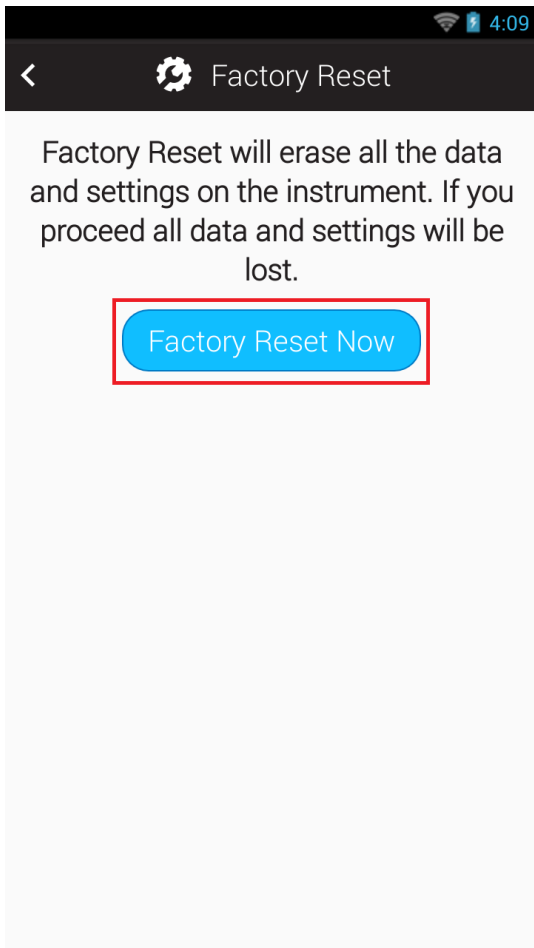

2. Select **General** from the list of settings.

3. Select **Factory Reset**.

4. Select **Factory Reset Now**.

5. Select **OK** to confirm the Factory Reset.
